demo-markdown

Quarto

Quarto enables you to weave together content and executable code into a finished document. To learn more about Quarto see https://quarto.org[1].

Make some conflicting text**Lydeamore1985?**.

Lydeamore found some interesting results[2].

Here we go.

Let's make some changes

Extra changes on the special branch

More changes on the web interface

Even more changes on the web interface Some changes. Local changes

Running Code

When you click the **Render** button a document will be generated that includes both content and the output of embedded code. You can embed code like this:

Here are some changes!

References

1 J. LOWTHIAN *et al.*, « Redesigning Emergency Patient Flow with Timely Quality Care at the Alfred », in *Emergency Medicine Australasia* [En ligne], 27, 1, p. 35-41.

Adding in some changes on the web interface.

```
1 + 1
```

```
[1] 2
```

You can add options to executable code like this

```
[1] 4
```

The `echo: false` option disables the printing of code (only output is displayed).
